

AVBA

the Israeli representatives of

ThermoFisher scientific

in the fields of microanalysis and surface analysis,

is delighted to invite you

to an advanced electron microscopy workshop.

It will take place in our new office, 1 Hatzmicha St, Yokneam,

on Tuesday the 28th of June, 2016.

The lectures will be given by Dr.Hans Dijkstra from Thermo Fisher Scientific.

10:00 – 10:30	Arrival
10:30 – 12:15	Advanced EDS microanalysis (i.e. calibrated EDS, uncoated and unconventional samples, peak overlap)
12:15 – 13:00	Light refreshments
13:00 – 13:30	Advanced WDS microanalysis (i.e. trace elements, quantitative mapping, unconventional samples)
13:30 – 14:15	EBSD (introduction and applications)
14:15 – 14:30	Round table discussion

Looking forward to meet you
